4 Ways to Drive Smoothly with a Manual Transmission - wikiHow

Unlike an automatic transmission, in which a valve body or computer makes all the shifting decisions for you, a manual requires you to decide what gear the car needs. One of the best driving stick tips is to learn the characteristics of your car's engine and gears so you can choose the right cog for high-speed cruising, for slow-speed corners and for creeping forward in traffic.

Driving Stick Tips: Mastering the Manual Transmission

When you finally get the hang of driving a manual transmission, especially first gear, it can become a habit to rock back and forth when at a stoplight. By rocking back and forth, we mean leaving the car in first gear and intermittently engaging the gear and then disengaging the clutch over and over, making the car rock. Do not do that!

5 Habits to Break When Driving a Manual Transmission

How to Drive a Manual or Stick Shift Car for Beginners. Find a flat, paved place with no one around where you can practice. Get to know where the gears are with the engine off. Push in the clutch and start the engine. With the clutch still in, move the stick to first gear.

Easiest Way to Learn to Drive a Manual Transmission or ...

Stopping in a car with a manual transmission is a pretty basic thing to do. It can be done by downshifting through the gears (besides first gear) to use the engine's braking capabilities while using the brakes. Right as you are about to come to a stop, put the car into neutral to avoid stalling.
